John Carroll Catholic Football Family,

Welcome to the 2012-2013 parent meeting. My staff and I are excited to begin our preparation for the next football season. We have many goals and challenges that we are ready to take on.

John Carroll Catholic is a school that demands academic excellence. All student athletes need to keep this in mind while attempting to participate in football. Playing this sport at John Carroll Catholic is a unique experience and privilege that comes with many challenges. It requires the student athlete to learn how to manage their time effectively and efficiently and to focus on the task at hand. Our football players are expected to keep a high academic standard in and out of the season.

There is so much more to playing football than just x's and o's...the character, comrade with teammates, and the work ethic and discipline that football builds will all last a lifetime. Football mirrors life in many ways. The lessons that players learn from football will help them gain valuable experience for making decisions later in life. Each player will learn to be a part of something greater – the concept of team.

We play in the toughest region in the state. Our goal will be to outwork every team on our schedule. We will be Relentless in the Pursuit of Excellence. Excellence is the achievement of our goals. To achieve our goals, we must play with synergy. Synergy is defined as two or more people working together for the same cause. You see this in every sport, most evident in the NCAA tournament each year. Simply put, "It Takes Teamwork to Make the Dream Work!"

A wise man once said it takes a village to raise a child. This again refers to synergy. In order for your child to reach his maximum potential, you must have synergy with the coaches. Synergy with coaches comes from the understanding that the coaches have the best interest of the team and players in mind at all times. If there is a breakdown with the synergy of the coaches, the player knows this immediately, and his performance will begin to suffer. It would be better for the athlete to not play football if there is not synergy with the coaches. At John Carroll Catholic our staff is committed and in sync with working as hard as possible for the benefit of your son, both on and off the field.

We are excited about working with your son this upcoming season. Thank you for this opportunity. John Carroll Catholic for life! GO CAVS!

Sincerely,

Chris Musso
